

Base Assembly Instructions

- 1) Un-screw the bolts on both sides of the column.
- 2) Line up the tabletop mounting plate with the side of the column that has the equal amount of holes. Insert bolts and tighten as firmly as possible.
- 3) Line up the base plate, or foot, with the side of your column that has the equal amount of holes. Insert bolts and tighten as firmly as possible.
- 4) Your base assembly is complete.
